This Financial Services Guide (“FSG”) contains important information about:

- the services we offer you
- how we and our associates are paid
- any potential conflict of interest we may have
- our internal and external dispute resolution procedures and how you can access them

When we give personal financial advice to you, we will provide you with a written Statement of Advice. In order to ensure that our advice is appropriate to you, we must make reasonable enquiries about your current financial situation along with your future needs, goals and objectives.

In the Statement of Advice, we will, amongst other things, tell you about:

- our fees and commissions
- any associations we have with Financial Product Issuers or other parties which may have influenced the advice we give you.

If we recommend a specific retail Financial Product to you, we will give you information about the specific Financial Product - a Product Disclosure Statement - to help you make an informed decision about the Financial Product.

If one of our representatives provides further advice to you, related to advice provided in a previous Statement of Advice and we do not give that further advice in writing, you may request a copy of the record of that further advice at any time up to 7 years from the date our representative gave the further advice to you.

You can request the record of the advice by contacting the representative or Northhaven directly in writing, by telephone or by email.

CLIENT INSTRUCTION – YOUR INSTRUCTIONS TO US.

You may specify how you would like to give us instructions. For example, by telephone, fax or other means. In all cases, we must receive written confirmation of these instructions.

Not Independent

Northhaven Financial Management is not Independent under section 923A(2)(a)(i) of the Corporations Act because we receive commissions on the sale of life risk insurance products and provide an MDA product that we advise on.

THE SERVICES WE OFFER

The Advisers at Northhaven are focused on providing long term solutions to all your financial needs. Each service we offer is provided on a value-added basis. We will seek to co-ordinate and integrate the various services you require to work towards your optimal long-term financial outcome.

Our services are grouped into five areas:

1. Your needs and enjoyment
2. Tax effective accumulation of assets
3. Investment and portfolio management (including MDA services)
4. Protection of assets and income
5. Transfer of assets, including estate planning.

Details on the services Northhaven is authorised to provide by law are listed at the end of this document.

Northhaven seeks to reduce its carbon footprint by providing digital disclosure documents, rather than paper, wherever possible. However, we understand that for some clients this can be inconvenient. If you require paper versions of any of our documents or disclosures, let us know and we will be happy to provide them.

WHO NORTHAVEN ACTS FOR WHEN PROVIDING THESE AUTHORISED SERVICES?

Where we provide advice, our primary concern is for your financial wellbeing. We therefore act in your interests in providing our authorised services rather than that of any product issuer. Any remuneration we may receive from product issuers (such as commissions or other forms of remuneration) will be fully disclosed to you.

Your Needs and Enjoyment

Our initial focus is to understand your major long-term financial management priorities. We also seek to fully understand your family's long-term lifestyle objectives. We then analyse your financial position in terms of your assets and liabilities, including all structures (i.e. superannuation funds, family trusts, companies etc.). Going forward we will analyse movements in these assets and liabilities in order to ensure they remain suitable in relation to your long-term goals. Our Advisers can provide long-term projections of asset values, to help you identify the extent to which assets will meet your future needs.

Tax Effective Accumulation of Assets

From the outset, your Adviser will look at utilising appropriate structures for the ownership of investments including superannuation funds, family trusts, companies and partnerships to determine which structures will complement the tax effective (after costs) management of your assets.

We aim to work on a continuous and cooperative basis with your accountant, superannuation administrator and solicitor as required. Importantly, our work with other professionals is designed to maximise the value you receive, whether it be more efficient in day-to-day compliance or producing the optimal advisory result.

Northhaven specialises in the use of superannuation strategies for self-managed superannuation funds. This includes contribution and pension strategies along with the use of superannuation funds as a vehicle to transfer benefits, particularly to other family members in the event of death of a fund member.

Investment and Portfolio Management

Northhaven's approach to investment management involves identification of the risk/return characteristics of each investment and its impact on the broader portfolio. Via our MDA service (detailed below), Northhaven offers portfolio management on an active basis. Actively managed portfolios will generally include both direct investment in listed Australian securities, along with investing through wholesale managed funds.

Managed Discretionary Account (MDA) Services

Northhaven Financial Management provides a managed discretionary account service (MDA service). Before you can open an account, you must enter into a contract with us regarding the MDA service (MDA contract). The MDA contract will include an investment program describing: the nature and scope of the discretions that we will be authorised and required to exercise; any significant risks associated with the MDA contract; and the basis on which we consider the MDA service to be suitable to you.

The MDA contract will also contain important warnings about the limitations relating to the MDA contract. You should consider these limitations before signing the MDA contract.

The MDA will include an investment program that is prepared in accordance with the requirements in Division 3 of Part 7.7 of the Corporations Act 2001, and that the investment program will contain the following information:

- The nature and scope of the discretions that the provider will be authorised and required to exercise.
- Any risks associated with the MDA contract.
- The basis on which the MDA contract is considered suitable for the client; and
- Warnings about the importance of any limitations relating to the MDA contract which the client must consider before signing the MDA contract.

Discretion relating to the MDA Service

Any limitations on the discretions that we exercise in relation to your account are set out in the MDA contract. Generally, we handle all administration in relation to the MDA service, including exercising your rights in relation to corporate actions (e.g. proxy voting), and we receive investor correspondence associated with the financial products held in your account.

Significant Risks of the MDA Service

There may be risks associated with the MDA service. Your account may contain securities, interests in managed investment schemes, fixed income and cash. The risks associated with these products are the same, whether you invest yourself or through our MDA service. You should be aware of these risks before making any decision in relation to the MDA service.

You should also be aware that the investment decisions that we make in relation to your account could differ from those you would make yourself. Therefore, the use of our MDA service may result in a different return, and the assumption of a different level of risk, than investment decisions that you make.

Fees and Charges of the MDA Service

The fees and charges for the MDA service are set out in the MDA contract. Generally we will charge you an annual management fee of 1.65% per annum on funds between \$0 - \$1M, 1.32% on funds between \$1M - \$2M, 1.045% on funds between \$2M - \$3M, 0.825% on funds between \$3M - \$5M, and 0.66% per annum on any amount over \$5M (all percentage fees noted above include GST). There will also be an account maintenance and compliance fee of between \$330 - \$550 per annum per account (including GST). There may also be an additional charge for administration of the MDA account, depending upon your circumstances.

We may also receive commissions in relation to the placement of listed and unlisted securities. These fees are generally paid to us by the issuer of the security. We will disclose any such fees that we may be entitled to receive.

Transactions conducted through the MDA service may also attract brokerage and/or transaction fees paid directly to a third party. Northhaven Financial Management does not receive any transaction related fee revenue in relation to any transactions that we effect on your behalf.

We can vary the fees and charges in this schedule by providing at least 30 days prior written notice to you.

This document complies with the current ASIC Corporations Instrument 2016/968 which replaced class order CO 04/194 in September 2016.

Protection of Assets and Income

Your adviser will recommend diversifying your investment assets in order to help reduce risk and protect your asset base over the long term. Depending upon your individual and family circumstances, we may look at other forms of asset protection as well, including the use of different structures such as family trusts and companies.

We can offer advice to you in relation to various life insurance options, including death cover, total and permanent disability cover, income protection and trauma insurance. Often a client's future income earning capacity is their largest asset and the protection of this salary via insurance is often necessary.

Transfer of Assets Including Estate Planning

Estate planning is centred around what can be arranged now in order to transfer the right asset, to the right beneficiary, at the right time. We work closely with your solicitor in order to ensure that your estate documents are in order. This requires that your will is suitably drawn up to meet the desired outcomes and importantly, that the existing ownership and control of assets is consistent with the will.

There can be numerous areas crossing several disciplines where financial matters need to be co-ordinated including nomination of superannuation beneficiaries, trustees of family or testamentary trusts, individual and inter-entity loans and where the beneficiaries will receive assets or the benefit of income

HOW WE CHARGE FOR OUR SERVICES

The services of Northhaven Financial Management are tailored to the degree of active management sought, thus the level of fees that you will pay for our services is entirely dependent upon the level of service your circumstances require. If you seek active management of your portfolio with daily monitoring of your investments, we provide such a service. This would attract an ongoing management fee paid monthly, with full rebate of any establishment commission or brokerage generated, but with an initial implementation fee to cover the advice and work done.

Northhaven Financial Management can provide an active portfolio management service that may include a Managed Discretionary Account (MDA) service. This active portfolio management utilises the services of third-party administrators to administer the portfolio. Northhaven will generally pay the administrators out of the fee charged to the client by Northhaven. The amount of fees paid to the administrators varies by account. Northhaven can access a reduced fee rate from the administrators due to the level of funds that they administer for our clients.

Alternatively, you may seek a less active management style. Such a strategy will incur a direct fee on implementation. Preparation of ongoing reviews may incur an hourly fee. There is also scope to provide a structured blend of these styles of service to cater for clients who wish to receive specialist, ongoing advice without daily monitoring of their investment base.

The exact amount of fees or commissions to be received by the licensee and representative in respect of any personal advice will be disclosed at the time the personal advice is given or as soon as practicable after that time. Please note that you have the right to request further information in relation to the remuneration, the range of amounts or rates of remuneration, and soft dollar benefits received by the licensee and / or representative. For fee arrangements exceeding 12 months, you receive a Fee Disclosure Statement annually, setting out the fees you have paid, the services agreed, and the services provided. In addition, every year you will receive a Fee Consent Form requesting your consent to the continuation of fees and services.

SOFT DOLLAR BENEFITS

The licensee and / or the authorised representatives of Northhaven may from time to time receive a benefit from product providers by way of sponsorship of educational seminars, conferences or training days etc. We may also receive non- cash benefits from time to time. Details of all benefits will be maintained on a register.

THIRD PARTIES

Northhaven may receive payments from third parties in relation to referrals provided by Northhaven. Northhaven may also share remuneration with third parties that have referred business to us. Where Northhaven receives remuneration in relation to a referral provided by Northhaven, this remuneration will be disclosed to the client.
